

Gold company Presidents and CEOs talk about the return of gold investments and investors

In this InvestorIntel PDAC 2022 Panel on “In Search of Gold – The Gold Market”, host Stephen Lautens discusses the increasingly positive market sentiment towards junior gold explorers and gold as an investment with a panel of gold experts including MAS Gold Corp.’s (TSXV: MAS) CEO and Director Jim Engdahl, TRU Precious Metals Corp.’s (TSXV: TRU | OTCQB: TRUIF) Co-Founder, CEO and Director Joel Freudman, Volcanic Gold Mines Inc.’s (TSXV: VG) Founder, Director, President and CEO Simon Ridgway, and West Red Lake Gold Mines Inc.’s (CSE: RLG | OTCQB: RLGMF) President and Director John Kontak.

In the video, which can also be viewed in full on the InvestorIntel YouTube channel ([click here](#)), the panel discusses the continuing investor interest in gold in turbulent markets. Simon Ridgway of Volcanic Gold says that “I do think that there’s a pretty good upside over the next five months for gold. When the big markets fail as they are right now then people usually turn to gold as a safe haven.” TRU Precious Metals CEO Joel Freudman agrees: “If you look at March 2020, gold got liquidated along with everything else but subsequently gold and precious metals like silver really took off following the crash, so to your point, I think a similar pattern wouldn’t be unexpected.”

The panel also discusses a new, younger generation of investors who are returning to gold following the rise and fast fall of investments like cannabis and crypto.

About TRU Precious Metals Corp.

TRU (TSXV:TRU) (OTCQB: TRUIF) (FSE: 706) is on a mission to build long-term shareholder value, through prudent natural resource property development and transactions. Currently, TRU is exploring for gold and copper in the highly prospective Central Newfoundland Gold Belt and has an option with TSX-listed Altius Minerals to purchase 100% of the Golden Rose Project. Golden Rose is a regional-scale 236 km² land package, including a newly discovered 20 km district-scale structure and an additional 45 km of strike length along the deposit-bearing Cape Ray – Valentine Lake Shear Zone, directly between Marathon Gold's Valentine Gold Project and Matador Mining's Cape Ray Gold Project.

About West Red Lake Gold Mines Inc.

West Red Lake Gold Mines is a Toronto-based minerals exploration company focused on gold exploration and development in the prolific Red Lake Gold District of Northwest Ontario, Canada. The Red Lake Gold District is host to some of the richest gold deposits in the world and has produced 30 million ounces of gold from high grade zones. The Company has assembled a significant property position totalling 3,100 hectares in west Red Lake (the “West Red Lake Project”) which contains three former gold mines located 15 km west of the Red Lake mine complex. The Mount Jamie Mine and Red Summit Mine properties are 100% owned by the Company and the Rowan Mine property is held in a 69% – 31% joint venture with Evolution Mining Limited. The West Red Lake Project property covers a 12 km strike length along the Pipestone Bay St Paul Deformation Zone and the Company is continuing to explore the property both along strike and to depth.
