

Chris Paul of Bald Eagle Gold talks about plans for its Hercules high grade silver project

written by InvestorIntel | June 8, 2022

In this InvestorIntel interview with host Tracy Weslosky, [Bald Eagle Gold Corp.](#)'s (TSXV: BIG) asks CEO and Director Chris Paul why e-Research President and Director of Research Chris Thompson is so enthusiastic about Bald Eagle's recently acquired high grade silver asset in western Idaho.

In the interview, which can also be viewed in full on the InvestorIntel YouTube channel ([click here](#)), Chris talks about Bald Eagle's Hercules Silver Property with 28,000m of drilling in over 300 shallow historical drill holes in what has been rated the number one mining-friendly jurisdiction in the world. He goes on to talk about Hercules' very large target size with the historical drilling covering over three and a half kilometers of high grade silver with potential for further expansion and possibly reaching upwards of 100 to 200 million ounces of silver. Chris says shareholders should watch for the coming planned 3000m drill program aimed at expanding the known silver mineralization and upgrading the historical resource to NI 43-101 compliant.

[About Bald Eagle Gold Corp.](#)

Bald Eagle Gold Corp. is a junior mining company focused on the exploration and development of the Hercules Silver Project, northwest of Cambridge, Idaho. The Corporation's management team brings extensive and successful international experience with a focus on identifying and acquiring prospective and under-explored precious metals properties worldwide. The board of directors have an established track record of creating significant returns for investors and have demonstrated access to capital to advance the development of assets. From time to time, the Corporation may also evaluate the acquisition of other mineral exploration assets and opportunities.
