

Alex Klenman on the rising trend for uranium and Azincourt Energy's progress in its Athabasca Basin properties

In a recent InvestorIntel interview, Tracy Weslosky spoke with Alex Klenman, President, CEO and Director of Azincourt Energy Corp. (TSXV: AAZ | OTCQB: AZURF) about the recent upward trend in the uranium market and about Azincourt's largest drill program to date currently ongoing at its 25,000 hectares East Preston uranium project in the Athabasca Basin.

In this InvestorIntel interview, which may also be viewed on YouTube (click here to subscribe to the InvestorIntel Channel), Alex Klenman highlighted the rising demand for uranium from the US utilities and the demand potential because of the record number of reactors currently online and expected to come online in the future. With substantial institutional holding, Alex went on to provide an update on Azincourt's recently signed option agreement to acquire up to a 75% interest in the Hatchet Lake Uranium Project also in the Athabasca Basin.

This interview, which was produced by InvestorIntel Corp., (IIC), does not contain, nor does it purport to contain, a summary of all the material information concerning the "Company" being interviewed. IIC offers no representations or warranties that any of the information contained in this interview is accurate or complete.

This presentation may contain "forward-looking statements" within the meaning of applicable Canadian securities legislation. Forward-looking statements are based on the opinions and assumptions of the management of the Company as of the date made. They are inherently susceptible to uncertainty and other factors that could cause actual events/results to differ materially from these forward-looking statements. Additional risks and uncertainties, including those that the Company does not know about now or that it currently deems immaterial, may also adversely affect the Company's business or any investment therein.

Any projections given are principally intended for use as objectives and are not intended, and should not be taken, as assurances that the projected results will be obtained by the Company. The assumptions used may not prove to be accurate and a potential decline in the Company's financial condition or results of operations may negatively impact the value of its securities. Prospective investors are urged to review the Company's profile on Sedar.com and to carry out independent investigations in order to determine their interest in investing in the Company.
