

# **MedX Health's global sales team discuss the commercialization of their teledermatology screening platform across North America, Europe and the Middle East**

In a recent InvestorIntel interview, Tracy Weslosky spoke with Mike Druhan, President of Dermatology Services, Naman Demaghatrous, Managing Director, Europe, Middle East & Africa and Dr. Paul Ziemer, Managing Director, North America at MedX Health Corp. (TSXV: MDX) about how MedX Health's global sales team is driving commercialization of their teledermatology screening platform across North America, Europe and the Middle East.

In this InvestorIntel interview, which may also be viewed on YouTube ([click here to subscribe to the InvestorIntel Channel](#)), Mike Druhan said that MedX's teledermatology platform is built on DermSecure™, which provides detailed patient scans for virtual dermatological assessment by a certified dermatologist within just 72 hours. As the healthcare system moves towards improving patients' accessibility to healthcare, Naman Demaghatrous explained how MedX Health can provide access to the best dermatology specialists even in remote areas and help save lives.

**[About MedX Health Corp.](#)**

MedX, headquartered in Ontario, Canada, is a leading medical device and software company focused on skin health with its SIAscopy® on the DermSecure® telemedicine platform, which utilizes its SIAscopy® technology. SIAscopy® is also imbedded in its products SIAMETRICS®, SIMSYS®, and MoleMate®, which MedX manufactures in its ISO 13485 certified facility. SIAMETRICS®, SIMSYS®, and MoleMate® include hand-held devices that use patented technology utilizing light and its reflectance to view up to 2 mm beneath suspicious moles and lesions in a pain free, non-invasive manner, with its software then creating real-time images within seconds for physicians and dermatologists to evaluate all types of moles or lesions. These products are cleared by Health Canada, the U.S. Food and Drug Administration, the Therapeutic Goods Administration and Conformité Européenne, for use in Canada, the US, Australia, New Zealand, the European Union, Brazil and Turkey.
