

Search Minerals CEO at #CTMS2017 on becoming the next North American Rare Earth Supplier

In a recent presentation at **InvestorIntel's** 6th Annual Technology Metals Summit, Greg Andrews, President and CEO of Search Minerals Inc. (TSXV: SMY) delivered a presentation titled "Search Minerals Reaches Another Milestone to Becoming the next North American Rare Earth Supplier". Addressing industry and investors alike, Greg provides an overview of their milestone-based financing strategy, where money is raised on a step-by-step basis. Located in Southeast Labrador, Canada, Greg also discusses the community and government support that comes from working in the district... to access the complete presentation, [click here](#)
