

FinCanna Investee ezGreen Compliance launches ezGreen 2.0 to Manage Cannabis Compliance with HIPAA Certified Patient Data Protection Measures

June 13, 2018 (Source) – FinCanna Capital Corp. (“FinCanna”) (CSE:CALI) (OTCQB:FNNZF) a royalty company for the U.S. licensed medical cannabis industry announces that its portfolio investee company, ezGreen Compliance

(“ezGreen”), which offers a state-of-the-art enterprise compliance and point-of-sale (POS) software solution for licensed medical cannabis dispensaries and cultivators, has launched its advanced “ezGreen Compliance 2.0” software solution.

Additionally, ezGreen has executed a strategic partnership agreement with a major technology solution provider in the cannabis industry to offer the ezGreen Compliance solution to its customer base of 1,000+ dispensaries across the United States.

Andriyko Herchak, President and CEO of FinCanna Capital, states, “Protecting patient data is one of the primary concerns of licensed medical dispensaries in the United States, and will no doubt be a focal point in state and federal regulations, as we’ve seen develop in the Pharma sector. The strategic partnership agreement gives ezGreen

access to over one thousand dispensaries, with the potential to quickly begin generating sales, of which a percentage of the top line revenue will flow to FinCanna. This further validates our investment thesis in ezGreen and we look forward to being a part of their growth.”

The ezGreen Compliance 2.0 release is an add-on to the company’s existing POS application with new features related to dispensary and retail workflows, custom reporting for retail data sets, and key cannabis platform integrations including the heavy load of ever changing laws and compliance regulations.

As a further point of differentiation, ezGreen has achieved certification status with METRC, and as part of its ezGreen Compliance 2.0 release, is developing deep integration with their seed to sale tracking program. The METRC tracking system was specifically designed for government agencies in charge of legalized marijuana enforcement.

The ezGreen Compliance 2.0 release also features:

- Enhanced Dispensary Station Workflow Capabilities;
- Product Automation for State Taxation and Reporting;
- Product Formulary Management Tools for Custom Retail Portal Needs.

Specifically developed to address the needs of the cannabis Industry, ezGreen Compliance is a HIPAA certified POS solution developed and supported by Automated HealthCare Solutions (AHCS). AHCS is a leading point of care tracking and dispensing software solution developed over the past 16 years which currently supports 3,500+ active physician operated clinics and dispensaries, all while maintaining HIPAA compliance following essential Health and Human Services standards in the United States.

About ezGreen Compliance

ezGreen Compliance, located in Fort Lauderdale FL, provides through its ezGreen software technology, a proven state-of-the-art enterprise compliance and point-of-sale software solution for licensed medical cannabis dispensaries and cultivators. Navigating through state-by-state license, tax and compliance issues has been challenging for the legal cannabis industry. ezGreen Compliance helps its customers comply with both the Health Insurance Portability and Accountability Act (“HIPAA”) and State Laws by ensuring patients’ confidential data is being handled properly, helping to protect from possible security breaches and financial and criminal liability resulting from potential violations. Forward-Looking Information

Information set forth in this news release may involve forward-looking statements under applicable securities laws. Forward-looking statements are statements that relate to future, not past, events. In this context, forward-looking statements often address expected future business and financial performance, and often contain words such as “anticipate”, “believe”, “plan”, “estimate”, “expect”, and

“intend”, statements that an action or event “may”, “might”, “could”, “should”, or “will” be taken or occur, or other similar expressions. All statements, other than statements of historical fact, included herein including, without limitation, statements about the market for, and effectiveness of, ezGreen software, the ability of ezGreen Compliance to expand operations and generate sales and revenues, the results of operations of Chameleon Collective, FinCanna’s ability to fund and source future projects, and FinCanna’s ability to earn and realize revenues from its investee companies. By their nature, forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements, or other future events, to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. Such factors include, among others, the risks identified in the CSE listing statement available at www.SEDAR.com and other reports and filings with the applicable Canadian securities regulators. Forward-looking statements are made based on management’s beliefs, estimates and opinions on the date that statements are made, and the respective companies undertake no obligation to update forward-looking statements if these beliefs, estimates and opinions or other circumstances should change, except as required by applicable securities laws. Investors are cautioned against attributing undue certainty to forward-looking statements.
