

Red Light Holland and Halo Collective Create Red Light Oregon, Inc. – Forwarding Intentions to Enter Oregon Medicinal Psychedelic Market

April 27, 2021 (Source) – Further to the joint press release dated Nov 19, 2020, Halo Collective Inc. (“Halo”) (NEO: HALO) (OTCQB: AGEEF) and Red Light Holland Corp. (CSE: TRIP) (FSE: 4YX) (OTC Pink: TRUFF) (“Red Light Holland”) are pleased to announce that Articles of Incorporation have been filed with the Oregon Secretary of State to form Red Light Oregon, Inc., a 50/50 JV between Halo and Red Light Holland. The JV will be capitalized with US\$50,000 from each party and its initial directors will be Todd Shapiro, Red Light Holland Director and CEO, Sarah Hashkes, Red Light Holland Chief Technology and Innovation Officer, Kiran Sidhu, Halo CEO and Director, and Katie Field, Halo President. The JV will monitor ongoing regulatory updates regarding Oregon’s Measure 109, appoint a management team, and develop a commercialization strategy in due course.

“We are delighted to take this next step with Halo. We now have the entity and team in place to begin laying the groundwork for potential future participation in the Oregon Psychedelic Magic Mushroom market,” said Todd Shapiro, CEO and Director of Red Light Holland. “Kiran and his team have extensive experience working with Oregon regulators and we could not be more excited to have them as a partner! We also plan on continually monitoring other future markets opening in the USA as the movement, both socially and from a therapeutic/medicinal level promoting the acceptance of psilocybin via legal, policy and regulatory measures rapidly

progresses.”

“We have been diligently studying the anticipated market growth for psychedelic products and the potential benefits for consumers. Now that Governor Brown appointed a board to oversee Oregon’s roll out of psilocybin, Halo and Red Light decide to take the next step towards implementing our joint venture. Todd is a visionary and we are thrilled to be working with him and his team to make our dream of manufacturing and serving consumers with these new therapies a reality. The addition of Sarah, Red Light’s CTO, to the Board will enable us to stay ahead of the curve utilizing her background in cognitive neuroscience research, immersive technology to develop psychedelic products and consumer offerings. Stay tuned for more updates.”

Further details will be announced once available and as the contours of the Oregon regulated market begin to take shape.

About Red Light Holland Corp.

The Company is an Ontario-based corporation engaged in the production, growth and sale (through existing Smart Shops operators and an advanced e-commerce platform) of a premium brand of magic truffles to the legal market within the Netherlands, in accordance with the highest standards, in compliance with all applicable laws

About Halo Collective

Halo is a leading, vertically integrated cannabis company that cultivates, extracts, manufactures, and distributes quality cannabis flower, oils, and concentrates and has sold approximately nine million grams of oils and concentrates since inception. Halo continues to evolve its business and scale efficiently, partnering with trustworthy leaders in the industry, who value the Company’s operational expertise in bringing top-tier products to market. Current growth includes expansion in key U.S. markets, the United Kingdom and Africa,

with planned expansion into the Canadian retail market.

Halo is led by a strong, diverse, and innovative management team with deep industry knowledge and blue-chip experience. The Company is currently operating in the United States in California and Oregon. The Company sells cannabis products principally to dispensaries under its brands, Hush, Mojave, and Exhale, and under partnership or license with OG DNA Genetics, Terphogz (doing business as Zkittlez™) and FlowerShop*, a cannabis lifestyle and conceptual wellness brand in which G-Eazy is a partner and key member of Flowershop*.

As part of continued expansion and vertical integration in the U.S., Halo boasts several grow operations throughout Oregon and California. In Oregon, the Company has a combined 7 acres of outdoor cultivation, including East Evans Creek, a six-acre grow site in Jackson County, and Winberry Farms, a one-acre grow site located 30 miles outside Eugene in Lane County. In California, the Company is building out Ukiah Ventures; a planned 30,000-square-foot indoor grow, processing, and manufacturing facility including up to an additional five acres of industrial land to expand. Recently, Halo partnered with Green Matter Holding to purchase Bar X Ranch in Lake County, developing up to 80 acres of cultivation which would comprise the largest grow in Northern California.

Internationally, the Company's subsidiary Bophelo Bioscience & Wellness (Pty) Ltd. ("Bophelo") is currently cultivating cannabis in Lesotho, which holds one of the most extensive marijuana cultivation licenses in Africa with a future capacity of up to 495 acres. To further Halo's global presence, the Company has recently acquired CBPM importation and distribution licensing in the United Kingdom via cannabis suppliers Canmart Ltd ("Canmart"). Halo expects the cultivation and manufacturing operations of Bophelo, combined with the importation and distribution capabilities of Canmart, to drive a well-positioned business to serve the U.K. market.

The Company also has acquired a range of software development assets, including technology platforms CannPOS, Cannalift, and, more recently, CannaFeels. Halo also owns the discrete sublingual dosing technology, Accudab. The Company intends to spin-off these assets along with its intellectual property and patent application into Halo Tek, which is planned to be its own public company by way of a return of capital to Halo's shareholders.
