

eCobalt Solutions to present at InvestorIntel's 6th Annual Cleantech & Technology Metals Summit

Paul Farquharson to present "Cobalt: Essential Power...Infinite Possibilities"

April 28, 2017 – eCobalt Solutions Inc. (TSX: ECS | OTCQB: ECSIF) will present "Cobalt: Essential Power...Infinite Possibilities" on Monday, May 15th from 9:50-10:05 AM (EST) at **InvestorIntel's 6th Annual Cleantech & Technology Metals Summit** (CTMS2017.com | #CTMS2017). eCobalt Solutions is one of our featured, most impressive market movers in the cleantech and technology metals sector.

Paul Farquharson, President, CEO and Director states: "eCobalt Solutions is committed to providing ethically produced and environmentally sound battery grade cobalt salts, essential for the rapidly growing rechargeable battery and renewable energy sectors, made safely, responsibly, and transparently in the United States."

InvestorIntel Corp. CEO and Founder Tracy Weslosky comments: "We recently published a column titled – *Cobalt Crisis Moves onto Centre Stage* on InvestorIntel.com and it has been trending for the past month. Cobalt is crucial in the battery space and current supply is analogous to war-time shortages. Finding cobalt that isn't sourced from child labour, slavery or war profiteering is the focus of companies like eCobalt solutions. So, it is with great pleasure that we announce eCobalt Solutions' participation at #CTMS2017, our 2-day annual summit in Toronto."
