

Largo Resources: Kiln Burner Testing At Maracas Vanadium Project

☒ April 24, 2014 (Source: Largo Resources) – Shareholders and friends,

We are pleased to inform you that tests which are part of the commissioning process on the kiln, cooler and burner systems are successfully advancing at the Maracas Vanadium Project.

See photo and video below of the kiln in action.

This video shows the kiln, burner and cooler operating for a test run that ran successfully for several hours.
