COVID-19 has many of us stuck at home, either working from home or getting bored. Those with kids know only too well that keeping them at home can be a strain with parent's sanity being tested. At least we have the internet and can do some online shopping. Well, now there is a company that offers both online shopping for kid's clothes and a new kid's entertainment and educational package.

Peekaboo Beans Inc. (CSE: BEAN) (now re-branded as 'PK Beans') offers an online shopping experience in clothing fashion, for both toddlers and children. Peekaboo is focused on environmentally responsible clothes that are intentionally designed to inspire play.

Peekaboo has created a monthly subscription that will help extend the PK Bean's apparel brand into the childhood adventure play space. The PK Explorers' Club allows children to become immersed in a magical storybook world conceived by Emmy-winning child psychologists. Each month, children receive a new exciting storybook, with Augmented Reality (AR) components for balanced digital engagement. In conjunction with AR, it includes active play components, such as a dress-up felt board and adventure map.
