**OTCQB: MVVYF**

September 17, 2019 (Source) – Moovly Media Inc. (TSXV:MVY) (OTC:MVVYF) (FRANKFURT:0PV2) (“Moovly” or the “Company”) is pleased to announce the launch and availability of a series of new subscriptions, including several

advanced new features developed based on large corporate and educational customer demand: the Business subscription, the Edu Max subscription as well as two Edu Class group licenses for schools.

## New Features:

Based on requests from important clients, a number of market leading features have been added recently to the Moovly product offering, these include:

- – Subtitling (closed captions): This allows automated insertion of subtitles on videos created in Moovly.
- – Screen recording: This allows users to perform screen recordings directly within Moovly, making the capture of website, software applications and other system walkthroughs a breeze. Commercial software to do a similar function typically costs hundreds of dollars.
- – Webcam recording: Enabling users to record themselves directly from within the Moovly Studio editor.
- – Green screen removal: Allows users to replace the colored background of a video with something different, directly within the Moovly Studio Editor.

## New Subscriptions:

These new high value features will be included in new subscription plans, namely the “Business” and “Edu Max” subscriptions. Furthermore, to accommodate the needs of the growing number of educational users on Moovly’s platform, specifically educational groups, such as classes, Moovly has also launched two new bundles of subscriptions, Edu Class 20 and Edu Class 30, including a powerful back office application providing advanced user and subscription management tools similar to that of our corporate clients and includes a detailed usage statistics dashboard. The Business subscription is available at \$599 per year, while the Edu Max version comes at an introductory price of \$249 for users with an approved educational email domain. Introductory pricing for Edu Class group licenses starts at \$199 per year. Detailed pricing information is available at [www.moovly.com/pricing](http://www.moovly.com/pricing).

Geert Coppens, Co-Founder and CTO of Moovly, commented: “In order to meet the needs and requests of the increasing number of large organizations and education institutions choosing Moovly, we developed a number of unique features. These features help differentiate Moovly from the competition and add significant value, as they avoid having to purchase and use standalone software and then upload the result.”
