Voyager Digital Ltd. (“Voyager” or the “Company”) (CSE: VYGR) (OTCQB: VYGVF) (FRA: UCD2), a publicly traded, licensed crypto-asset broker that provides investors with a turnkey solution to invest in crypto assets, today announced that Assets Under Management (AUM) have surpassed \$100mm, up 20X from \$5mm at the end of December.

“Over the last few months, Voyager has experienced exponential growth on our platform which has resulted in our AUM exceeding \$100mm,” said Stephen Ehrlich, Co-founder and CEO of Voyager. “Voyager’s offering of over 50 digital assets, including 22 interest-bearing assets, is winning over investors. As we increase our marketing reach, investors are gravitating to Voyager’s commission-free, easy to use platform, evidenced by our daily deposits increasing 25x since December.”

Mr. Ehrlich continued, “Our industry-leading interest product allowing customers to earn interest on a compounding basis has propelled Voyager to being the preferred agency brokerage for trading, earning, and investing in digital assets. With the recent addition of NBA Hall of Famer, Tracy McGrady, our team will continue to bring products to the market, including a debit card and more traditional bank products, allowing easy adoption of these assets.”

On November 10, 2020, Gerard Hanshe, Chief Operating Officer

of Voyager, will be a featured panelist at the upcoming Benzinga Global FinTech Awards event.
