Total	\$1,199,949.46

Completion of the Offering is subject to regulatory approval including, but not limited to, the approval of the TSX Venture Exchange.

## **About Voyageur**

Voyageur is a Canadian public company listed on the TSXV under the trading symbol VM. Voyageur is focused on the development of barium and iodine Active Pharmaceutical Ingredients (“API”) and high-performance cost-effective imaging contrast agents for the medical imaging marketplace. Voyageur’s goal is to fully integrate the barium and iodine contrast market by producing its own minerals of barium and iodine. The business plan is to initially generate cash flow from operations using third party GMP pharmaceutical manufacturers in Canada and validate the products for regulatory agencies globally. Then transitioning into a high margin domestic manufacturer of radiology drugs. Voyageur has plans to build carbon neutral infrastructure to become 100% self-sufficient across all manufacturing activities. Voyageur owns a 100% interest in three barium sulphate (barite) projects including the Frances Creek property, suitable in grade for the pharmaceutical marketplace, with additional interests in a high-grade iodine, lithium & bromine brine project located in Utah, USA. Voyageur is moving forward with its business plan of becoming the only fully integrated carbon neutral company in the radiology contrast media drug market, by controlling all primary input costs under the motto of:
