

DIAGNOS Announces the Resumption of Screening Operations in Saudi Arabia and Conveys Congratulations to Dr. Salman Abdullah Al-Mutairi for his Assignment as Secretary General of the Council of Private Associations of the Kingdom

written by Raj Shah | November 12, 2020

November 12, 2020 ([Source](#)) – Diagnos Inc. (“DIAGNOS” or “the Corporation”) (TSX Venture:ADK), (OTCQB: DGNOF), a leader in early detection of critical health issues through the use of Artificial Intelligence (AI), is pleased to announce the reopening of the screening clinic in Hafar al-Batin, a region that includes over 150,000 diabetics for a total population of over 600,000 people.

Al Kanhoor Medical, Diagnos and its employees also wish to offer their sincerest congratulations to the Secretary General of the Health Care Association, Dr. Salman Abdullah Al-Mutairi, for his assignment as Secretary General of the Council of Private Associations in the Kingdom. We would also like to note the great efforts made by Dr. Salman and the Enaya Association, led by Dr. Abdul Rahman Al-Suwailem, in the retinal examination project for diabetics in many regions of the Kingdom.

About DIAGNOS

DIAGNOS is a publicly-traded Canadian corporation with a mission of early detection of critical health issues through the use of its Artificial Intelligence (“AI”) tool CARA (Computer Assisted Retina Analysis) to assist doctors, nurses and specialist in their daily work with diabetics. CARA is a tele-ophthalmology platform that integrates with existing equipment (hardware and software) and processes at the point of care. CARA’s Artificial Intelligence image enhancement algorithms make standard retinal images sharper, clearer and easier to read. CARA is accessible securely over the internet, and is compatible with all recognized image formats and brands of fundus cameras, and is EMR compatible. CARA is a cost-effective tool for screening large numbers of patients in real-time. CARA complies with local regulations, is FDA cleared for commercialization in the United States of America, is Health Canada licensed for commercialization in Canada, licensed by the Saudi FDA, COFEPRIS in Mexico and is CE marking compliant in Europe.
