dynaCERT Adds Simply Green's Expertise in the Oil & Gas Industry

written by Raj Shah | May 19, 2022

May 19, 2022 (Source) – *dynaCERT* Inc. (TSX: DYA) (OTCQX: DYFSF) (FRA: DMJ) ("*dynaCERT*" or the "Company") is pleased to announce that *dynaCERT*'s strategic dealer in the Canadian Oil & Gas market, Simply Green Distributors Inc. ("Simply Green" or "SGD"), a successful distributor of green technology, based in Red Deer, Alberta, Canada, is offering the immediate availability of *dynaCERT's* HydraGEN™ products based on *dynaCERT's* patented and proprietary Technology offering a global solution to reduce pollution.

SGD is distributing the Company's new line of products using hydrogen technology designed to make contributions to lowering GHG emissions and designed to show important savings in fuel consumption in the Oil & Gas, Construction and Transportation industries. The hydrogen units, which are added as an aftermarket product to existing equipment or machinery, delivers hydrogen-on-demand. With the use of distilled water, the units are up and running immediately after installation.

James Pearce, President & CEO of Simply Green, stated, "We are committed to accelerating the world's growth to sustainable energy by implementing solutions for our environment, ethically and responsibly."

James Pearce is a 20+ year veteran in the Oil & Gas and Construction industry, and he talks about the positive impact their clients are already seeing. He states, "Our clients want to make changes to help the environment, but they are also

seeking to save fuel expenses in a market that is continuously fluctuating."

Simply Green has indicated to *dynaCERT* that several major Trucking and Oil & Gas companies in Western Canada are early adopters of the Company's proprietary HydraGEN™ technology and committed to commence deploying HydraGEN™ products on their equipment.

SGD plans to be a worldwide leader with its global sales team and delivering new technologies that bring clients closer to net zero. SGD is committed to delivering the latest green technology by careful research and finding the newest technology available and giving their clients opportunity to excel in lowering greenhouse gases.

Jim Payne, CEO of *dynaCERT,* stated, "James Pearce and his dedicated team at Simply Green are very important to *dynaCERT's* strategy of penetrating the Oil & Gas industry, not only throughout Canada but also Internationally. *dynaCERT* is pleased to offer a readily available solution for Oil & Gas industry participants and producers and operators that are seeking to meet their GHG emission reduction goals. The deep and trusted relationships in Oil & Gas, Construction and Transportation that Simply Green provides is perfectly suited to the objectives of our Company, and, accordingly, we warmly welcome the strong commitments of their entire team and customers."

About *dynaCERT* Inc.

dynaCERT Inc. manufactures and distributes Carbon Emission Reduction Technology for use with internal combustion engines.

As part of the growing global hydrogen economy, our patented technology creates hydrogen and oxygen on-demand through a unique electrolysis system and supplies these gases through the air intake to enhance combustion, resulting in lower carbon emissions and greater fuel efficiency. Our technology is designed for use with many types and sizes of diesel engines used in on-road vehicles, reefer trailers, off-road construction, power generation, mining and forestry equipment, marine vessels and railroad locomotives.
