- Generated revenue of \$1.1 million in Q2 2021, an increase of 212%, with a gross margin of 22%
- Increased points of distribution for Rejuvenate™ to over 16,500, in addition to adding leading international e-commerce platforms

Element Nutritional Sciences Inc. (CSE:ELMT; FRANKFURT:93X) (the “Company” or “Element”), today reported its financial results for the second quarter ended June 30, 2021 (“Q2 2021”). All amounts are expressed in Canadian dollars.

“We made tremendous progress towards increasing our distribution channels in Q2 2021, with Rejuvenate™ now in over 16,500 points of distribution across North America, in addition to international e-commerce platforms. Our efforts have paid off with revenue increasing over 200% year-over-year. Having secured shelf space with leading retailers and the two largest pharmacies in the United States, CVS and Walgreens, we have only begun to demonstrate our potential as we aim to now increase our velocity of sales, increase the number of SKUs our partners are carrying, and make strategic progress towards entering new markets including sports nutrition, orthopedics and oncology,” said Stuart Lowther, Chief Executive Officer.

Financial Results

In Q2 2021, the Company generated increased revenue to \$1.1 million, up 212% from \$0.3 million in Q2 2020. The results are attributable to new listings with three large retailers, as well as increased e-commerce sales and sales to existing retailers for the Company's flagship Rejuvenate™ product.

Element reported a net loss of \$3.0 million in Q2 2021, as compared to a net loss of \$0.1 million in Q2 2020. The impact of the increased revenue was offset by higher salaries wages,

advertising and marketing costs, as well as higher professional fees. The increased expenses are attributable to an increased headcount, Rejuvenate™ launch campaigns, and audit and legal costs related to the Company's public listing.

Forward Looking Statements

This news release contains "forward-looking information" and "forward-looking statements" (collectively, "forward looking statements") within the meaning of the applicable Canadian securities legislation. All statements, other than statements of historical fact, are forward-looking statements and are based on expectations, estimates and projections as at the date of this news release. Any statement that involves discussions with respect to predictions, expectations, beliefs, plans, projections, objectives, assumptions, future events or performance (often but not always using phrases such as

“expects”, or “does not expect”, “is expected”, “anticipates” or “does not anticipate”, “plans”, “budget”, “scheduled”, “forecasts”, “estimates”, “believes” or “intends” or variations of such words and phrases or stating that certain actions, events or results “may” or “could”, “would”, “might” or “will” be taken to occur or be achieved) are not statements of historical fact and may be forward-looking statements. In this news release, forward looking statements relate, among other things, to: the Company’s ability to increase velocity across existing retailers, its ability to increase SKU count with existing retailers and enter new markets.

These forward-looking statements are based on reasonable assumptions and estimates of management of the Company at the time such statements were made. Actual future results may differ materially as forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of the Company to materially differ from any future results, performance or achievements expressed or implied by such forward-looking statements. Such factors, among other things, include: fluctuations in general macroeconomic conditions; expectations regarding the size of the United States and Canadian health, nutraceutical and wellness markets and changing consumer habits; the viability of the Company’s products; availability of distribution channels for the Company’s product offerings; the ability of the Company to successfully achieve its business objectives; plans for expansion; successful development of the Company’s proposed products; the presence of laws and regulations that may impose restrictions or recalls on the sale of the Company’s products in the United States and Canada; customer and distributor relations; fluctuations in securities markets; and the inability of the Company to obtain adequate insurance to cover risks and hazards. Although the forward-

looking statements contained in this news release are based upon what management of the Company believes, or believed at the time, to be reasonable assumptions, the Company cannot assure shareholders that actual results will be consistent with such forward-looking statements, as there may be other factors that cause results not to be as anticipated, estimated or intended. Readers should not place undue reliance on the forward-looking statements and information contained in this news release. The Company assumes no obligation to update the forward-looking statements of beliefs, opinions, projections, or other factors, should they change, except as required by law.
