

Hemostemix Announces the Appointment of Dr. Ernst von Schwarz, MD, PhD, FESC, FACC, FSCAI to Its Scientific Advisory Board

written by Raj Shah | September 27, 2022

September 27, 2022 ([Source](#)) – Hemostemix Inc. (TSXV: HEM) (OTCQB: HMTXF) (FSE: 2VFO) (“Hemostemix” or the “Company”) is pleased to announce the appointment of Dr. Ernst von Schwarz, MD, PhD, FESC, FACC, FSCAI to its Scientific Advisory Board.

Dr. von Schwarz is a US based world renowned, triple board certified clinical and academic cardiologist and clinical professor of medicine at UCLA and UC Riverside. He joined Cedars Sinai Medical Center and UCLA as Director of the Cardiac Device Program in 2006. He was appointed director of cardiology at the Heart Institute of Southern California Hospital Culver City in 2015, and chairman of Pacific Heart Medical Group and medical director of Heart Stem Inc. in 2016.

Considered a worldwide pioneer in the field of stem cell research, Dr. von Schwarz has published over 150 scientific papers in international peer reviewed medical journals, as well as books and book chapters in cardiovascular medicine. In May 2022, Dr. Schwarz published *The Secret World of Stem Cell Therapy: What YOU Need to Know about the Health, Beauty, and Anti-Aging Breakthrough*.

Dr. von Schwarz is board certified in internal medicine by the American Board of Internal Medicine, and in

cardiology/cardiovascular diseases by the American Board of Internal Medicine in Cardiology/Cardiovascular Diseases. His primary clinical interests are end-stage heart failure, cardiac transplantation, interventional cardiology and sexual function in cardiac disease.

Dr. von Schwarz earned his medical degree from Philipps-University in Marburg, Germany, receiving medical doctor titles from Philipps-University Marburg and from the University of Vienna, Austria. He received his doctorate from the University of Technology in Aachen, Germany.

“I have worked in the field of heart-based stem cell science my whole career and I find ACP-01’s unique properties, safety profile and statistically significant ejection fraction improvement to be very interesting and very promising. I look forward to SAB collaboration, clinical trial work as a lead investigator, and becoming a compassionate treatment center as soon as it is practical to do so,” stated Dr. von Schwarz.

“Hemostemix is delighted to welcome Dr. Schwarz to our SAB. His TedX Temecula talk: “What You Need to Know about Stem Cell Therapy is a fascinating review of the promise of stem cell therapeutics and I encourage our shareholders to get to know him by watching it on YouTube or on his channel at <https://www.drjonschwarz.com/media/>,” stated Thomas Smeenk, CEO. “Within weeks of the release of our cardiomyopathy study results, we attracted the best regenerative medicine heart specialists in the world because they agree ACP-01 promises to be the first-to-patient stem cell treatment for cardiomyopathy,” Smeenk said.

ABOUT HEMOSTEMIX

Hemostemix is an autologous stem cell therapy company, founded in 2003. A winner of the World Economic Forum Technology Pioneer

Award, the Company has developed, patented, and is scaling a patient's blood-based stem cell therapeutics platform that includes angiogenic cell precursors, neuronal cell precursor and cardiomyocyte cell precursors. Seven studies including 260 ACP-01 recipients define its safety and efficacy profile as a treatment for heart diseases such as Dilated and Ischemic Cardiomyopathy, Angina, and diseases of Ischemia such as Critical Limb Ischemia. The Company owns 91 patents across five patent families. For more information, please visit www.hemostemix.com.

Forward-Looking Information: This news release contains "forward-looking information" within the meaning of applicable Canadian securities legislation. All statements, other than statements of historical fact, included herein are forward-looking information. In particular, this news release contains forward-looking information in relation to: the appointment of Dr. von Schwarz to Company's Scientific Advisory Board (SAB) in relation to the lead product ACP-01, and the retrospective study of ischemic and dilated cardiomyopathy, and the commercialization of ACP-01. □□There can be no assurance that such forward-looking information will prove to be accurate. Actual results and future events could differ materially from those anticipated in such forward-looking information. This forward-looking information reflects Hemostemix's current beliefs and is based on information currently available to

Hemostemix and on assumptions Hemostemix believes are reasonable. These assumptions include, but are not limited to: the underlying value of Hemostemix and its Common Shares; the successful resolution of the litigation that Hemostemix is pursuing or defending (the "**Litigation**"); the results of ACP-01 research, trials, studies and analyses, including the analysis being equivalent to or better than previous research, trials or studies; the receipt of all required regulatory approvals for research, trials or studies; the level of activity, market acceptance and market trends in the healthcare sector; the economy generally; consumer interest in Hemostemix's services and products; competition and Hemostemix's competitive advantages; and Hemostemix obtaining satisfactory financing to fund Hemostemix's operations including any research, trials or studies, and any Litigation. Forward-looking information is Subject to known and unknown risks, uncertainties and other factors that may cause the actual results, level of activity, performance or achievements of Hemostemix to be materially different from those expressed or implied by such forward-looking information. Such risks and other factors may include, but are not limited to: the ability of Hemostemix to complete clinical trials, complete a satisfactory analyses and file the results of such analyses to gain regulatory approval of a phase II or phase III clinical trial of ACP-01; potential litigation Hemostemis mayface; general business, economic, competitive, political and social uncertainties; general capital market conditions and market prices for securities; delay or failure to receive board or regulatory approvals; the actual results of future operations including the actual results of future research, trials or studies; competition; changes in legislation affecting Hemostemix; the timing and availability of external financing on acceptable terms; long-term capital requirements and future developments in Hemostemix's markets and the markets in which it expects to compete; lack of qualified, skilled

labour or loss of key individuals; and risks related to the COVID-19 pandemic including various recommendations, orders and measures of governmental authorities to try to limit the pandemic, including travel restrictions, border closures, non-essential business closures service disruptions, quarantines, self-isolations, shelters-in-place and social distancing, disruptions to markets, disruptions to economic activity and financings, disruptions to supply chains and sales channels, and a deterioration of general economic conditions including a possible national or global recession or depression; the potential impact that the COVID-19 pandemic may have on Hemostemix which may include a decreased demand for the services that Hemostemix offers; and a deterioration of financial markets that could limit Hemostemix's ability to obtain external financing. A description of additional risk factors that may cause actual results to differ materially from forward-looking information can be found in Hemostemix's disclosure documents on the SEDAR website at www.sedar.com. Although Hemostemix has attempted to identify important factors that could cause actual results to differ materially from those contained in forward-looking information, there may be other factors that cause results not to be as anticipated, estimated or intended. Readers are cautioned that the foregoing list of factors is not exhaustive. Readers are further cautioned not to place undue reliance on forward-looking information as there can be no assurance that the plans, intentions or expectations upon which they are placed will occur. Forward-looking information contained in this news release is expressly qualified by this cautionary statement. The forward-looking information contained in this news release represents the expectations of Hemostemix as of the date of this news release and, accordingly, it is Subject to change after such date. However, Hemostemix expressly disclaims any intention or obligation to update or revise any forward-looking information, whether as a result of new

information, future events or otherwise, except as expressly required by applicable securities law.
