“Heh Siri, Klock my run,” says Trevor Doerksen, CEO of ePlay Digital and co-creator of Klocked fitness app. “That’s all you have to do to get started, but Klocked does more to help you achieve fitness goals than other running app. Klocked reports progress, current personal best potential, pace, cadence, adaptive music from Weav, placement and, of course, Coach Kelly is bringing us to the finish line with great tips and inspiration.”

Siri Shortcuts

With Siri Shortcuts users can configure and request Siri to start, pause, resume, and finish a Klocked activity hands-free. Users can leave their phone in their pocket and continue to stretch, run, and make their way, virtually, through the streets of Paris, London, Berlin, New York and other Klocked courses.

Klocked P4 AI

Klocked helps everybody to get outdoors and provides daily real-time motivation towards healthy living. The Klocked P4 AI system augments a user’s experience with real-time and interval audio cues making fitness fun, competitive, and gamified. Klocked not only equips users with motivation, but with real-time information and data that is not available anywhere else. Klocked P4 AI includes Place, Placement, Performance, and Personal Best Augmented Reality (AR).

Adaptive Music

[Weav Music](#)’s patent-pending AR coaching features include:

- Pace audio cues to help stick to training goals
- Personal-best audio cues to help reach new goals

- Audio guides to course landmarks
- Audio coach with tips and inspiration to achieve new goals
- Cadence detection and adaptive music to enhance performance

Coach Kelly

Coach Kelly joins Klocked users on race and fun run days. [Upcoming races](#) and fun runs include Berlin, Paris, and New York. Join 30-minutes prior to start time and Coach Kelly walks participants through the upcoming event. Coach Kelly is with you at race start, during the race, and all the way through to the finish line. Check out the [schedule](#).

More Sports Science

Additional Advanced Sports Science Features include:

- Placement visual and audio cues to advance race position by gender and age division
- Gamification to advance to the next level
- Leaderboards by age and gender divisions
- Special challenges and races
- Bonus points and special effects for passing and participating in challenges
- Earn real and augmented reality t-shirts, race bibs, and medals
