Anthony Tennyson of Awakn Life Sciences on commercializing its addiction treatment therapeutics

written by InvestorNews | July 18, 2022
In this InvestorIntel interview with host Tracy Weslosky, Awakn
Life Sciences Corp.'s (NEO: AWKN | OTCQB: AWKNF) Co-Founder &
CEO Anthony Tennyson talks about advances in the company's
commercializing therapeutics to treat addiction, particularly
Alcohol Use Disorder, which affects 400 million people globally.

In the interview, which can also be viewed in full on the InvestorIntel YouTube channel (click here), Anthony discusses adding Dennis Purcell, founder of major life sciences venture capital firm Aisling Capital LLC, as a Special Advisor to the CEO as part of Awakn's strategy to pursue an uplisting to the NASDAQ next year. Anthony also talks about Awakn being unique in that it has four R&D programs and two commercialization streams which include clinics currently operating in the U.K. and are currently producing revenue for the company with a 24% quarter over quarter revenue growth from Q4 last year to Q1 in 2022.

Anthony talks about how Awakn's therapeutics represents the third generation of addiction treatment, with therapeutics that disrupt the "brain circuits that house the behaviors that drive the addiction, and that approach enables us to develop therapeutics to treat both substance and also behavioral addictions." Awakn's lead program that combines ketamine and therapy together to treat Alcohol Use Disorder has "delivered three times better results than the current standard of care, and that really has the ability to transform the treatment of

Alcohol Use Disorder on a global basis, and has the ability to provide hope for individuals, families and communities."

Anthony Tennyson of Awakn Life Sciences talks about their

portfolio of revolutionary therapeutics and clinics to treat addiction

written by InvestorNews | July 18, 2022

In this InvestorIntel interview with host Tracy Weslosky, <u>Awakn Life Sciences Corp.</u>'s (NEO: AWKN | OTCQB: AWKNF) Co-Founder & CEO Anthony Tennyson provides an update on the progress of Awakn's ketamine-assisted therapy <u>clinics</u> and their portfolio of revolutionary therapeutics to treat addiction.

In the interview, which can also be viewed in full on the InvestorIntel YouTube channel (click here), Anthony Tennyson says that addiction is one of the biggest unmet medical needs of our times. With a near-term focus on alcohol use disorder which affects 400 million people globally, Anthony explains how Awakn's therapeutics "are significantly more effective than anything that's currently available in the marketplace." As a revenue generating biotechnology company with three fully-operational clinics in the UK and Norway, Anthony provides an update on Awakn's therapeutics commercialization activities in the U.S. which is expected to reach fruition by Q4 2022.

Anthony Tennyson on Awakn Life Sciences bringing innovation in addiction treatment to the

market

written by InvestorNews | July 18, 2022

In a recent InvestorIntel interview, Tracy Weslosky speaks with Anthony Tennyson, CEO of <u>Awakn Life Sciences Corp.</u> (NEO: AWKN) about Awakn's recent <u>listing</u> on the NEO Exchange and bringing evidence-backed psychedelic therapies for addiction to the market.

In this InvestorIntel interview, which may also be viewed on YouTube (click here to subscribe to the InvestorIntel Channel), Anthony went on to say that Awakn is a biotech company that develops and delivers addiction treatment using psychedelic inspired drugs and therapies backed by research evidence and a team of world leading scientists, psychiatrists, and psychologists. With 15-20% of the UK, EU, US and Canadian population suffering from Addiction, Anthony said "the current industry is not as effective as it should be and there hasn't been an innovation in addiction treatment in many years. We are going to change that."

Newly listed Awakn Life Sciences' team of experts prepare a pathway to treat addiction through psychedelic medicines

written by InvestorNews | July 18, 2022
One of the largest problems in our society today is substance abuse and addiction. Almost 21 million Americans have at least one addiction. Addiction (drugs, tobacco, and alcohol etc) kills thousands of Americans every year and impacts millions of lives. For example, mental health and addictions are the 5th leading cause of illness globally, affecting 20% of the global population.

Today's company is in the sector of biotechnology and focuses on research and treatment to treat addiction and other mental disorders. They have already assembled a very impressive team.

15-20% of the population in USA, EU, UK & Canada are affected by addiction

Source: Awakn Life Sciences company presentation

Awakn Life Sciences Corp. (NEO: AWKN) ("Awakn") listed yesterday on the NEO Exchange Inc. in Canada under the symbol "AWKN", after a reverse merger and raise of gross proceeds of approximately US\$8.3 million through a brokered private placement. Awakn is a biotechnology company with clinical operations that researches, develops, and delivers psychedelic and other medicines to treat addiction. The Company also plans to use psychedelic medicines to treat other mental health conditions.

Awakn CEO, Anthony Tennyson, stated:

"Listing on the NEO is an important milestone for Awakn to continue to build on our dual strategic focus of developing psychedelic drugs, therapies, and enabling technologies to treat Addiction, and delivering psychedelic treatments for Addiction in our clinics.....The NEO listing will enable us to accelerate the execution of our drug discovery, therapy development, advanced analytics, and open clinic roll out programs."

Awakn's team consists of world leading chemists, scientists, psychiatrists, and psychologists who are developing and advancing the next generation of psychedelic drugs, therapies and enabling technologies to treat addiction. Awakn state:

"Psychedelics and Psychedelic-Assisted Psychotherapy....have the potential to radically change Addiction treatment and deliver significantly better patient outcomes."

Awakn's business strategy

Awakn has a dual strategic focus of researching and developing psychedelic drugs/therapies/enabling technologies and delivering psychedelic treatments.

Awakn's research will focus on developing next generation

psychedelic drugs to treat addiction, including MDMA for alcohol use disorder, and ketamine for addiction. Awakn also intends to research for new chemical entities that can be effective treatment for alcohol, behavioural, opioid, and tobacco addictions.

Awakn plans to deliver evidence-backed psychedelic therapies for addiction in clinics in the UK and Europe and through licensing partnerships globally. The Company also plans to use psychedelic medicines to treat other mental health conditions.

Awakn's team (Board, management, advisors)

The Awakn team is simply very impressive. You can read the full details here. Needless to say the Awakn team consists of several Doctors, Professors, and experienced personnel in the addictive disorders specialty. In news released today, Awakn announced that they have appointed globally renowned Neuroscientist and addiction researcher, Professor David Nutt, to the role of Chief Research Officer. Awakn state:

"This appointment is driven by the expansion of Awakn's psychedelic drug and therapy development pipeline targeting Addiction. In particular, the identification, and development of several potential new candidates with unique properties to better treat a broad range of addictions, acquired from Prof. David Nutt's Equasy Enterprises in March 2021; the licencing of the intellectual property from world's only Ketamine-Assisted Psychotherapy trial for Alcohol Use Disorder (AUD) from the University of Exeter in March 2021. And finally, the world's only Phase IIb trial for MDMA-Assisted Psychotherapy for AUD."

Awakn has a highly experienced board and team

Source: Awakn Life Sciences company presentation

Closing remarks

Addiction of all types (alcohol, tobacco, drugs) is a significant societal problem with a strong need for urgent solutions. The global substance addiction treatment industry is valued at US\$17.5 billion pa and is forecast to increase to US\$31.5 billion pa by 2027.

Awakn Life Sciences has assembled a world class team to research and treat both addiction and other mental disorders. For those investors lucky enough to be able to access the NEO Exchange in Canada then be sure to take a look at Awakn Life Sciences. InvestorIntel will also keep you up to date here with their latest news and progress in 2021.
