The CSE on the Benefits of a Virtual #PDAC2021

written by InvestorNews | March 1, 2021
In a recent InvestorIntel interview, Peter Clausi speaks with Barrington Miller of the Canadian Securities Exchange (CSE) about the upcoming Prospectors and Developers Association of Canada (PDAC) Mining Conference to be held from March 8-11, 2021.

In this InvestorIntel interview, which may also be viewed on YouTube (click here to subscribe to the InvestorIntel Channel), Barrington talks about the upcoming PDAC mining conference, its new digital format, and the CSE's participation in PDAC 2021. Barrington discusses the challenges of running a mining conference digitally, but also the perks. Having a digital mining conference makes it more accessible to companies that are located internationally and also means that investors and media who may be occupied during the conference can access the conference later. While the pandemic has changed the format, Barrington thinks that may be a good thing and that PDAC 2021 may be the best year yet.
