

Chris Thompson talks about eResearch initiating coverage of Blue Star Gold

In this InvestorIntel interview with host Tracy Weslosky, eResearch Corporation's President & Director of Research Chris Thompson talks about his new 52-page Equity Research Report on Blue Star Gold Corp. (TSXV: BAU | OTCQB: BAUFF).

In the interview, which can also be viewed in full on the InvestorIntel YouTube channel ([click here](#)), Chris examines the potential of Blue Star's Ulu Gold Property, an advanced high grade gold and silver project in Nunavut, Canada, with a combined existing estimated resource in all categories of over 800,000 oz Au. Together with their highly prospective Hood River Property contiguous to the Ulu property and Blue Star's recent acquisition of the Roma Project, Blue Star's district scale package is about 270 km² of highly prospective and underexplored mineral properties in the High Lake Greenstone Belt, Nunavut.

Chris also discusses Blue Star Gold's healthy cash position from a recent financing and its 2022 exploration program, as well as its impressive management team, all of which are examined in more detail in his report.
