Canadian Rare Earth Element Network Chair on building a domestic supply chain

written by InvestorNews | August 28, 2020

The Technology Metals Show host Jack Lifton talks with Ian London, Chair of Canadian Rare Earth Element Network (CREEN), about CREEN's collaborative network designed to accelerate the creation of a rare earths supply chain in Canada. The network brings together mineral exploration companies, academics, commercial and government laboratories, service providers and government representatives.

"It is a big industry, it is a long supply chain," Ian said. "We all have expertise but if we don't bring it together, we can't pull this together."
