

# FinCanna Capital's CEO on being the only pure royalty company in the cannabis industry

written by InvestorNews | August 21, 2020

InvestorIntel's Tracy Weslosky spoke with Andriyko Herchak, CEO of [FinCanna Capital Corp.](#) (CSE: CALI | OTCQB: FNNZF), about FinCanna's cannabis royalty portfolio and its competitive advantages in the cannabis industry. "We are the only pure royalty company in the cannabis sector," he said. "We don't need much revenue to be profitable."

Andriyko went on to say that while other companies in the capital-intensive cannabis sector "are losing money quarter to quarter, we are opposite. We have low capital cost, low operating cost and we are designed to be profitable." He added, "The companies we invest in are synergistic. They are working together to expand their customer base and market together." By investing in FinCanna, he said, "you are investing in different companies that don't compete against each other but actually work with each other to maximize revenue. FinCanna is like an index that works together."

Andriyko also provided an update on QVI, FinCanna's largest investment that just started operations and is scaling up. He said, "They are located in Sonoma county California. They are offering a co-manufacturing edibles facility in large scale. They can produce essentially any type of edible under one roof. Demand is off the charts for them right now."
