

Mike Druhan of MedX Health on the launch of its game changing DermSecure® Teledermatology platform

In a recent InvestorIntel interview, Tracy Weslosky spoke with Mike Druhan, President of Dermatology Services at MedX Health Corp. (TSXV: MDX) about the launch of MedX Health's DermSecure® teledermatology platform with Medicure Clinic and Empower's the Medi-Collective locations across Ontario, Canada.

In this InvestorIntel interview, which may also be viewed on YouTube (click here to subscribe to the InvestorIntel Channel), Mike Druhan said that MedX Health's objective is to bring dermatological service to patients within 72 hours. He went on to say that currently patients must wait for months to have their skin condition assessed by a certified dermatologist and explained how MedX Health's DermSecure® teledermatology platform can help to detect skin cancer early and save lives.

About MedX Health Corp.

MedX, headquartered in Ontario, Canada, is a leading medical device and software company focused on skin health with its SIAscopy® on DermSecure® telemedicine platform, utilizing its SIAscopy® technology. SIAscopy® is also imbedded in its products SIAMETRICS®, SIMSYS®, and MoleMate®, which MedX manufactures in its ISO 13485 certified facility. SIAMETRICS®, SIMSYS®, and MoleMate® include hand-held devices that use patented technology utilizing light and its remittance to view up to 2 mm beneath suspicious moles and lesions in a pain

free, non-invasive manner, with its software then creating real-time images for physicians and dermatologists to evaluate all types of moles or lesions within seconds. These products are cleared by Health Canada, the U.S. Food and Drug Administration, the Therapeutic Goods Administration and Conformité Européenne for use in Canada, the US, Australia, New Zealand, the European Union, Brazil and Turkey.

Mike Druhan on MedX Health gaining revenue traction as it commercially launches its tele dermatology platform

In a recent InvestorIntel interview, Mario Drolet spoke with Mike Druhan, President of Dermatology Services at MedX Health Corp. (TSXV: MDX) about MedX Health's recent paid pilot operations and commercial contracts across Europe, Canada, and the Middle East as they continue to gain traction on the revenue side.

In this InvestorIntel interview, which may also be viewed on YouTube ([click here to subscribe to the InvestorIntel Channel](#)), Mike Druhan provided an update on the launch of MedX Health's DermSecure® Screening Services with Medicure Clinic, MedX Health's first physician-based transaction within a blended physician and pharmacy clinic setting in Canada. He went on to explain how the transaction allows MedX Health to make its technology available to the Clinic's roster of 5,000 existing patients and gain access to an underserved community. Mike also provided an update on the launch of MedX Health's

DermSecure® teledermatology platform in Brazil.

MedX Health's global sales team discuss the commercialization of their tele dermatology screening platform across North America, Europe and the Middle East

In a recent InvestorIntel interview, Tracy Weslosky spoke with Mike Druhan, President of Dermatology Services, Naman Demaghatrous, Managing Director, Europe, Middle East & Africa and Dr. Paul Ziemer, Managing Director, North America at MedX Health Corp. (TSXV: MDX) about how MedX Health's global sales team is driving commercialization of their tele dermatology screening platform across North America, Europe and the Middle East.

In this InvestorIntel interview, which may also be viewed on YouTube ([click here to subscribe to the InvestorIntel Channel](#)), Mike Druhan said that MedX's tele dermatology platform is built on DermSecure™, which provides detailed patient scans for virtual dermatological assessment by a certified dermatologist within just 72 hours. As the healthcare system moves towards improving patients' accessibility to healthcare, Naman Demaghatrous explained how MedX Health can provide access to the best dermatology

specialists even in remote areas and help save lives.

MedX Health's tele dermatology platform brings healthcare to the fingertips of patients

In a recent InvestorIntel interview, Tracy Weslosky spoke with Mike Druhan, President of Dermatology Services and Naman Demaghatrous, Managing Director, Europe, Middle East & Africa at MedX Health Corp. (TSXV: MDX) about MedX Health's recent milestones including a distribution agreement with Al Zahrawi,

the largest distributor of medical devices in the Gulf Cooperation Council (GCC) region.

In this InvestorIntel interview, which may also be viewed on YouTube (click here to subscribe to the InvestorIntel Channel), the panel highlighted the digital transformation in healthcare driven by the COVID-19 pandemic and explained how MedX Health's teledermatology platform brings healthcare to the fingertips of patients. Having launched a series of commercialization pilots across Europe and the Middle East, Mike explained how MedX Health's agreement with Al Zahrawi will speed up the commercialization process for its DermSecure® Teledermatology Screening Platform.
