BYD and Tesla are totally dominating global electric car sales in 2023

written by Matt Bohlsen | September 6, 2023

Many people would probably be surprised to hear how poorly legacy car manufacturers are doing in terms of electric car sales. They would also be shocked how just two companies are totally dominating global plugin electric car sales. Those two companies are BYD Co. Ltd. (OTC: BYDDF) and Tesla Inc. (NASDAQ: TSLA).
