

Stuart Lowther on how ELMT's new plant-based JAKTRX™ Pro Amino may improve muscle protein synthesis by 76%

written by InvestorNews | October 1, 2021

In a recent InvestorIntel interview, Tracy Weslosky spoke with Stuart Lowther, President, CEO and Founder of [Element Nutritional Sciences Inc.](#) (CSE: ELMT) about how Element's new plant-based [amino acid formulation](#) for the sports nutrition market is better than whey protein.

In this InvestorIntel interview, which may also be viewed on YouTube ([click here to subscribe to the InvestorIntel Channel](#)), Stuart said that the first product to be launched in the United States using the new formulation will be JAKTRX™ Pro Amino which is estimated to improve muscle protein synthesis by 76%. Stuart also provided an update on the formation of Element's [Medical Advisory Board](#) which will help develop higher dosage Rejuvenate™ formulations to slow muscle loss in orthopedic and oncology patients.
