

# InvestorIntel Week in Review for July 11-17, 2022

Meeting with Jack Lifton and Stephen Lautens later today to discuss a Critical Minerals Summit this Fall. As we continue to work with global leaders in this sector, finding a way to share the data we secure on the ESG and Critical Minerals sector is a priority for our readership and audience always ready to be first to market with the benefits of our investor intelligence.

Speaking of intelligence, may I graciously recommend that you watch this interview I did with Cam Currie, who is a Sr Investment Advisor with Canaccord Genuity Wealth Management and the Principal for the Currie Metals and Mining Group that was published early morning [Click Here](#). Seriously, before you enter the market seas today, grab onto this Baywatch lifeguard and hear his advice -- he offers to save us from the stagflation undercurrents with some real advice (Tip: #gold, #basemetals, and #preciousmetals).

Would like to thank our friends at Silver Bullet Mines on announcing the production of silver last week. It did not escape notice to me in reviewing the Top 10 items that are Trending for our last 30-days that someone is looking up #scandium and #ImperialMining (see #6 and #7)...
