About EXMceuticals Inc.

EXM's activities are focused on the sustainable cultivation of cannabis and hemp, and the production of high-grade ingredients for the pharmaceutical, therapeutic, nutraceutical and cosmetic industries. The Company proposes to sell the produced ingredients to international markets.

EXM, through its subsidiary, Prime Ranchers Limited, EXM is able to cultivate and process cannabis in Uganda at an industrial scale. The Uganda processing facilities are installed and will produce and export pharmaceutical, therapeutic, nutraceutical and cosmetic grade cannabis ingredients.

EXM owns a provisional license in Malawi enabling the cultivation of 50Ha of Cannabis and is in the process of obtaining a full license, in partnership with a large local agro producer.

EXM, through its subsidiary and in-country partner, holds the rights to a cannabis license in the Kuba Kingdom, Mweka, Kasai Province, Democratic Republic of Congo, and the rights to a land concession for the cultivation of cannabis and hemp, and processing and export of high-grade cannabis extracted ingredients.

EXM has also submitted applications and undertaken negotiations with local governments and partners in Ethiopia, Zambia, Eswatini and Burundi, in order to obtain licences to permit the cultivation of cannabis and hemp, as well as the processing, transformation and export of psychotropic and non-psychotropic cannabinoid ingredients. In Ethiopia, EXM is in its final stage of negotiation with the government for an agro-industrial park, of 4,000 hectares (9,880 acres) encompassing a free trade zone, for which EXM has already obtain land rights over 2,000 hectares (4,940 acres) in the Amhara region.
