

# James Tuer of Fjordland Exploration talks about its nickel projects' great partners and locations

written by InvestorNews | May 26, 2022

In this InvestorIntel interview with host Tracy Weslosky, [Fjordland Exploration Inc.](#)'s (TSXV: FEX) President, CEO and Director James Tuer talks about the continuing hot nickel market and provides an update on Fjordland's portfolio of nickel projects in Canada.

In the interview, which can also be viewed in full on the InvestorIntel YouTube channel ([click here](#)), James Tuer talks about their world-class South Voisey's Bay Nickel Project, which has Robert Friedland's Ivanhoe Electric Inc. as a joint venture partner with a \$5 million exploration commitment. James says that Fjordland is targeting high-grade nickel sulfide projects in some of the best land positions in Canada. Exploring in areas of known occurrences and established operating mines, James provides an update on the upcoming drill programs at Fjordland's South Voisey's Bay Nickel Project and the past-producing Renzy nickel-copper mine.

## About Fjordland Exploration Inc.

Fjordland Exploration Inc. is a mineral exploration company that is focused on the discovery of large-scale economic metal deposits in Canada.

In collaboration with Ivanhoe Electric Inc. and Commander Resources Ltd., Fjordland is exploring the SVB “Pants Lake Intrusive” target which is in a geologic setting analogous to the nearby nickel-cobalt-copper Voisey’s Bay deposit. Fjordland has earned a 75% interest in the project.

Fjordland, as operator, has an agreement to acquire 100% of the Renzy nickel-project located near Maniwaki, Quebec. The project encompasses the former Renzy Mine where, during the period from 1969 to 1972, 716,000 short tons were mined with average grades of 0.70% nickel and 0.72% copper. Fjordland has staked additional claims to increase the size of the project to 530 sq. km.

As well, Fjordland has 2 copper-gold properties in the Quesnel Trough of central British Columbia, The West Milligan copper-gold project is a joint venture with Northwest Copper Corp. located within 4 km of Centerra’s Mount Milligan copper-gold mine. The 103 sq. km. Witch copper-gold project is located another 35 km west of the Milligan mine.
