Paul Sarjeant on Kobo Resources' recent drilling achievements at the Kossou Gold Project in West Africa

written by InvestorNews | August 28, 2023

In a recent interview with Investor.News host Tracy Weslosky, Paul Sarjeant, President, COO, and Director of Kobo Resources Inc. (TSXV: KRI), provides a compelling update on the company's recent drilling achievements at the Kossou Gold Project in Cote d'Ivoire, West Africa. Paul revealed that Kobo drilled nearly 6,000 meters in under five weeks with assay results confirming strong gold mineralization.

Paul Sarjeant highlighted the success of their drilling program in the Jagger Zone which continues to show promising signs of gold mineralization, with high-grade zones boasting 10-15 grams of gold per ton. They've also made noteworthy progress in the Road Cut Zone, confirming significant gold mineralization with consistent grades.

Another key highlight discussed in the interview was the discovery of the Kadie Zone on which Kobo has identified strong geochemical anomalies with results of up to 6,000 parts per billion gold in soil. Paul said that plans are already in motion to explore this area further. To access the complete interview, click here

About Kobo Resources Inc.

Kobo Resources is a growth-focused gold exploration company with a compelling new gold discovery in Cote d'Ivoire, one of West Africa's most prolific and developing gold districts, hosting several multi-million-ounce gold mines. The Company's 100%-owned Kossou Gold Project is located approximately 20 km northwest of the capital city of Yamoussoukro and is directly adjacent to one of the region's largest gold mines with established processing facilities.

The Company is drilling to unlock the potential size and scale of Kossou within 9+ km strike length of highly prospective gold in soil geochemical anomalies with excellent rock and trench sampling results. The Company's 2023 exploration plan calls for over 8,000 meters of reverse circulation drilling with an immediate goal of defining significant near surface zones of gold mineralisation. Kobo offers investors the exciting combination of high-quality gold prospects led by an experienced leadership team with in-country experience.
