Four major mining industry takeaways from the 2022 Canadian Federal Budget

written by InvestorNews | April 21, 2022

In this InvestorIntel interview with host Tracy Weslosky, CBLT Inc.'s (TSXV: CBLT) President, CEO and Director Peter Clausi discusses the four major mining industry takeaways from Canada's 2022 Federal Budget.

In the interview, which can also be viewed in full on the InvestorIntel YouTube channel (click here), Peter Clausi talks about four major items in the budget that affect the mining industry, including $1.5 billion to support the domestic critical minerals industry with new infrastructure and "access to federal data", and the proposed flow-through increase to 30% of the new Critical Mineral Exploration Tax Credit. He also discusses the $70 million earmarked to research and develop small modular reactors as a major policy shift towards reconsidering nuclear power, and the importance of partnering with First Nations.

This interview, which was produced by InvestorIntel Corp., (IIC), does not contain, nor does it purport to contain, a summary of all the material information concerning the “Company” being interviewed. IIC offers no representations or warranties that any of the information contained in this interview is accurate or complete.

This presentation may contain “forward-looking statements” within the meaning of applicable Canadian securities legislation. Forward-looking statements are based on the opinions and assumptions of the management of the Company as of the date made. They are inherently susceptible to uncertainty and other factors that could cause actual events/results to differ materially from these forward-looking statements. Additional risks and uncertainties, including those that the Company does not know about now or that it currently deems immaterial, may also adversely affect the Company’s business or any investment therein.

Any projections given are principally intended for use as objectives and are not intended, and should not be taken, as assurances that the projected results will be obtained by the Company. The assumptions used may not prove to be accurate and a potential decline in the Company’s financial condition or results of operations may negatively impact the value of its securities. Prospective investors are urged to review the Company’s profile on Sedar.com and to carry out independent investigations in order to determine their interest in investing in the Company.
