

Investor Intelligence Report: Two global economic trends surface from Brexit

InvestorIntel is pleased to announce that it has been given the rights to publish Markethack Inc.'s first edition of the **Investor Intelligence Report** titled *Two global economic trends surface from Brexit* for our audience this month. Created as an economic data report for investors and members of the professional investment community, the **Investor Intelligence Report** provides “level setting” data and a way of saying “we are here” in the economic cycle.
