About LeanLife Health

LeanLife Health's products are long-term shelf-stable extractions from flax seed, a plentiful plant-based source of Omega-3, that give them a significant advantage as an essential fortified food ingredient. Increased Omega-3 intake, especially with LeanLife's higher Omega-3 to -6 ratio, has shown to have significant health improvement impacts.

LeanLife's mission is to provide a relatively low-cost means of replacing the less healthy vegetable oil in food, and transform them into healthier versions.
