Joel Freudman on TRU Precious Metals' 5 gold exploration projects in the Newfoundland Gold Belt

In a recent InvestorIntel interview, Peter Clausi spoke with Joel Freudman, Co-Founder, President, and CEO of TRU Precious Metals Corp. (TSXV: TRU | OTCQB: TRUIF) about TRU's change of business to a mining issuer as they prepare to start trading this morning.

Further to an InvestorIntel story written by Dean Bristow on May 7th titled *Will there be a rush to get this gold?*, Joel explains the background on the TRU, including a major property transaction with Altius Minerals, which has now become a strategic investor in the company.

In this InvestorIntel interview, which may also be viewed on YouTube ([click here to subscribe to the InvestorIntel Channel](#)), Joel went on to say that one of the competitive advantages of any junior mineral exploration company is the location of their properties. TRU's flagship Golden Rose

Project is next door to the largest undeveloped gold resource in eastern Canada. "Great spot for finding more gold," he added. With a very experienced management team, Joel said that the Company is in a strong cash position to enhance growth after the recent oversubscribed financing.
