

Kirill Klip on TNR's copper and lithium royalties and gold project in Alaska

written by InvestorIntel | March 14, 2019

InvestorIntel Corp. Senior Editor, Peter Clausi, interviewed Kirill Klip, President and CEO of [TNR Gold Corp.](#) (TSXV: TNR), in PDAC 2019 held in Toronto, Canada. In the interview Kirill talked about TNR's copper and lithium royalties and gold project in Alaska. He adds that he is positioning TNR to benefit from the green energy revolution. Kirill informed InvestorIntel about their strategic initiatives which have helped TNR strengthen balance sheet.

TNR Gold Corp. is working to become the green energy metals royalty company. Over the past twenty-three years, TNR, through its lead generator business model, has been successful in generating high-quality exploration projects around the globe. With the Company's expertise, resources and industry network, it identified the potential of the Los Azules copper project in Argentina and now holds a 0.36% NSR royalty on the entire project, which is being developed by McEwen Mining Inc.
