

Weathering the rare earth prices storm, all eyes are on Neo Performance

“Neo Performance Materials’ organization today is the closest that North America has yet come to a totally vertically integrated rare earth permanent magnet supplier. Now, the company has acquired and is moving to bring a significant rare earth deposit in Greenland into production. When that occurs, it will be the first company outside of China, ever, to be a totally vertically integrated manufacturer of rare earth permanent magnets. We should all be watching Neo Performance as if our (self-sufficient and secure) independent economic lives depend on it.” – Jack Lifton, Co-Chairman, Critical Minerals Institute
