About Pond Technologies:

Located in Markham Ontario, Pond is a technology company that provides profitable solutions to the global health and wellness challenges of climate change and nutrition. Pond's proprietary growth platform, including patented advanced photonics, optimizes key growth inputs in order to provide a controlled environment that maximizes the growth of algae and other organisms. This enables industrial emitters to generate new revenue streams from the transformation of underutilized CO₂ to valuable algae-based products, such as protein for animal feed and nutraceutical products like Chlorella, Spirulina, and Astaxanthin for human consumption.
