Jack Lifton on President Trump's Executive Order on Critical Minerals

written by InvestorNews | October 5, 2020

The Technology Metals Show host Peter Clausi talks with international rare earths expert Jack Lifton about President Trump's Executive Order on addressing the threat to the domestic supply chain from reliance on critical minerals from foreign adversaries. "This is the first time I have seen an Executive Order in this arena," Jack said, "that actually looks like it might generate some progress towards the goal of securing a critical minerals supply chain for the United States."

In the interview Jack also talked about uranium and why copper should also be included in the U.S. Geological Survey's critical minerals list. He also provided an update on the rare earths supply chain in the United States.
