Andre Larente from DIAGNOS on Deal with World's Largest Eyecare Retailer EssilorLuxottica

written by InvestorNews | December 14, 2023

InvestorNews host Tracy Weslosky recently conducted an insightful interview with André Larente, President and Director of DIAGNOS Inc. (TSXV: ADK | OTCQB: DGNOF), to discuss the company's exclusive distribution agreement with EssilorLuxottica. DIAGNOS, known for its pioneering FLAIRE platform based on Artificial Intelligence (AI), has solidified its position as a leading provider of retinal analysis technology through this partnership. This agreement, announced on December 11th, is a significant milestone for DIAGNOS, signaling its growing influence in the AI and healthcare technical services sector.

During the interview, Larente highlighted the capabilities of DIAGNOS' AI-powered retinal image analysis technology, which has been acclaimed for its role in the early detection of various eye conditions. This breakthrough technology not only enhances the quality of eye health care but also significantly impacts patient lives positively. The partnership with EssilorLuxottica, a global leader in vision care with an $87Bn market cap, is set for an initial three-year term with potential for renewal.

Under the agreement, DIAGNOS will be compensated on a per patient exam basis across EssilorLuxottica's client network. Larente expressed his pride in the partnership, emphasizing the pivotal role it plays in DIAGNOS' mission to broaden the accessibility of its retinal analysis technology. This

collaboration is expected to contribute significantly to visual health in Canada and potentially the USA. Both DIAGNOS and EssilorLuxottica are committed to advancing eye health and technology, with a focus on offering innovative solutions to optometrists that will transform the early detection and quality of eye care in the region.

In summary, DIAGNOS' exclusive distribution agreement with EssilorLuxottica marks a key development in its journey, reinforcing its commitment to revolutionizing eye health care through advanced AI-based technologies. This collaboration is set to make a profound impact on the early detection and treatment of eye conditions, benefiting a wide range of patients and healthcare providers.
