

# Defense Metals Signs MOU with Ucore to Ship Rare Earth Carbonate to RapidSX™ Facility in Ontario

written by Tracy Weslosky | January 9, 2024

Defense Metals Corp. (TSXV: DEFN | OTCQB: DFMTF) and Ucore Rare Metals Inc. (TSXV: UCU | OTCQX: UURAF) have entered into a non-binding Memorandum of Understanding (MOU) to explore joint efforts in establishing a North American rare earth element (REE) supply chain. As a significant step under this MOU, Defense Metals will send a mixed rare earth carbonate sample from its Wicheeda REE project in British Columbia to Ucore's RapidSX™ Commercialization and Demonstration Facility (CDF) in Kingston, Ontario.
