Todd Shapiro of Red Light Holland on ‘magic truffles’ and the multi-billion dollar psychedelics market

written by InvestorNews | July 15, 2020

“Psychedelics are a multibillion-dollar market...and that is what this industry is banking on. We are product based, we are a premium brand – the Red Light Truffle will be available in smart shops and we potentially could even have products within the smart shops and on an advanced e-commerce platform by the end of Q3. We plan on setting up a facility that we hope one day will qualify for EU-GMP certification. That means that we can grow a perfect clean room medical grade truffle that could potentially be tested...truffles are sold legally in Netherlands...we think we can capitalize with a premium brand feel and with a micro dose responsible use product.” States Todd Shapiro, Co-Founder, CEO and Director of [Red Light Holland Corp.](#) (CSE: TRIP), in an interview with InvestorIntel’s Tracy Weslosky.

Todd went on to say that Red Light Holland will have two

divisions – Red Light Recreational and Red Light Health. The company is starting with recreational and will have a medical play in the future. Todd also said that Bruce Linton is the Chairman of Red Light Holland's Advisory Board. Bruce is the founder and former CEO of Canopy Growth Corporation. Under his leadership, Canopy Growth was the first cannabis producing company in North America to be listed on a major stock exchange (TSX) and included on a major stock index (S&P/TSX Composite Index). Canopy Growth was also the first cannabis-producing company to list on the New York Stock Exchange.
