

Hubert Lau on TrustBIX's record annual revenue in 2021

In a recent InvestorIntel interview, Tracy Weslosky spoke with Hubert Lau, CEO of TrustBIX Inc. (TSXV: TBIX | OTCQB: TBIXF) about TrustBIX's recent milestones including an LOI to acquire a tracking solutions provider for high-value moveable equipment used in the agriculture industry and about reporting record annual revenue in 2021.

In this InvestorIntel interview, which may also be viewed on YouTube (click here to subscribe to the InvestorIntel Channel), Hubert Lau provided an update on TrustBIX's growth strategy to increase revenue and profitability as it moves towards the commercialization of its pilot projects. He went on to provide an update on TrustBIX's blockchain powered agri-food traceability and chain of custody solutions and explained how it helps companies support their ESG claims and helps build trust.

About TrustBIX Inc.

As an innovative leader in brand promise assurance, TrustBIX provides agri-food traceability and chain of custody value solutions. The Company's goal is to create a world where we trust more, waste less and reward sustainable behaviour by addressing consumer and agri-food business demands. The proprietary platform, BIX (Business InfoXchange system), is designed to create trust without compromising privacy through innovative, blockchain-derived use of technology and data. By leveraging BIX and its unique use of incentive solutions, TrustBIX delivers independent validation of food provenance and sustainable production practices within the supply chain – Gate to Plate®.

ViewTrak Technologies Inc., a wholly owned subsidiary, provides a suite of hardware and software solutions to the livestock industry in Canada, United States, Mexico and China, such as Auction Master Pro, Market Master, Feedlot Solutions and pork grading probes.

This interview, which was produced by InvestorIntel Corp., (IIC), does not contain, nor does it purport to contain, a summary of all the material information concerning the "Company" being interviewed. IIC offers no representations or warranties that any of the information contained in this interview is accurate or complete.

This presentation may contain "forward-looking statements" within the meaning of applicable Canadian securities legislation. Forward-looking statements are based on the opinions and assumptions of the management of the Company as of the date made. They are inherently susceptible to uncertainty and other factors that could cause actual events/results to differ materially from these forward-looking statements. Additional risks and uncertainties, including those that the Company does not know about now or that it currently deems immaterial, may also adversely affect the Company's business or any investment therein.

Any projections given are principally intended for use as objectives and are not intended, and should not be taken, as assurances that the projected results will be obtained by the Company. The assumptions used may not prove to be accurate and a potential decline in the Company's financial condition or results of operations may negatively impact the value of its securities. Prospective investors are urged to review the Company's profile on Sedar.com and to carry out independent

investigations in order to determine their interest in investing in the Company.

TrustBIX's Hubert Lau on expanding the BIX platform across multiple supply chains in the agri-food industry

In a recent InvestorIntel interview, Chris Thompson spoke with Hubert Lau, CEO of TrustBIX Inc. (TSXV: TBIX | OTCQB: TBIXF) about TrustBIX's recent enhancements to their BIX platform to provide end-to-end traceability and chain of custody across multiple supply chains in the agri-food industry.

In this InvestorIntel interview, which may also be viewed on YouTube ([click here](#) to subscribe to the InvestorIntel Channel), Hubert said that TrustBIX is a technology company with a blockchain infrastructure to validate information and brand claims for companies. He went on to provide an update on TrustBIX's recently signed agreement with the Biomass Quality Network of Canada to develop a Biomass Quality Traceability Protocol. Hubert also provided an update on TrustBIX's recently announced private placement and how the funds will be deployed. Highlighting the strong demand for ESG themed investments, Hubert said that TrustBIX is well positioned to validate claims on ESG from an operational level all the way to the supply chain level.
