

InvestorIntel Announces Partnership with InvestorChannel for Daily Distribution of Data Driven Market Watchlists

Leading investor source, market sector leaders and market experts unite to provide investors with daily market updates via social media outlets

Toronto, August 13, 2020 – **InvestorIntel.com**, a leading online source of investor information, is pleased to announce its partnership with **InvestorChannel.com**, a daily data-driven market sector update system that is all video.

“Every time the headlines discuss Chinese-US tensions, investors call me and ask me to send them a list of rare earths’ companies trading in the public markets,” said Tracy Weslosky, founder of **InvestorIntel.com** and co-founder of **InvestorChannel.com**. “For example, **gold breaks \$2,000**, or a new Esports CEO does a riveting interview on the increasing audience and revenue for online gaming, and my email inbox fills with the same questions from investors. So, I called Moovly Media Inc. (TSXV: MVY) CEO and co-Founder Brendon Grunewald in Brussels and said – *help me*. Help me figure out a way to tweet out a compliant-friendly update on the sectors that are fun to watch and helps me share the list of the sector-leading public companies we at InvestorIntel follow and get an idea of how they are really doing.”

InvestorChannel.com provides both novice and professional

investors with timely information to shape their decision-making. “After all,” she continued, “the conventional investor media told me every single day that I couldn’t lose if I bought cannabis or crypto stocks last year, but if I had a tool that actually compared how 20 or so companies were actually faring – I could get a real handle on what’s really happening, instead of having to rely on what people are telling me is going on.”

Moovly Media CEO Brendon Grunewald has a vision for **InvestorChannel.com**: “I thought we would take things up a notch by using the market leading video automation technology of Moovly Media and combining it with intelligently designed software to grab data from a range of both proprietary and publicly available data sources. We can use that to produce interesting market updates, such as the top gainers on an exchange for the day or best performing companies in a specific sector. **The result is a platform that is designed to produce an ever-growing amount of insightful content in the most effective online communication medium, Video.**”
