

Kim Oishi on Datable's consumer marketing technology used by some of the world's biggest brands

written by InvestorIntel | November 9, 2021

In a recent InvestorIntel interview, Tracy Weslosky spoke with Kim Oishi, Executive Chairman of [Datable Technology Corporation](#) (TSXV: DAC | OTCQB: TTMZF) about Datable's [partnership](#) with Dabbl and about its [integrated consumer marketing programs](#) with Universal and Coca-Cola.

In this InvestorIntel interview, which may also be viewed on YouTube ([click here to subscribe to the InvestorIntel Channel](#)), Kim Oishi highlighted the increasing pushback from regulators and consumers to prevent non-permissible uses of data and explained how Datable stands out by getting permission from and rewarding consumers who share their data. Kim went on to say that Datable's technology platform is scalable, secure, and stable, which has allowed it to become a big part of marketing programs for some of the world's biggest brands.

About Datable Technology Corporation

Datable has developed a proprietary, mobile-based consumer marketing platform – **PLATFORM³** – that is sold to global Consumer Packaged Goods (CPG) companies and consumer brands. **PLATFORM³** is delivered as a subscription service (Software as a Service model) and used by CPG companies to engage consumers, reward purchases and collect valuable consumer

data. **PLATFORM³** incorporates proprietary technology to monetize the consumer data, including demographics and purchasing behavior, by sending consumers targeted offers by email and text messages. For more information, visit datablecorp.com.

This interview, which was produced by InvestorIntel Corp. (IIC) does not contain, nor does it purport to contain, a summary of all the material information concerning the “Company” being interviewed. IIC offers no representations or warranties that any of the information contained in this interview is accurate or complete.

This presentation may contain “forward-looking statements” within the meaning of applicable Canadian securities legislation. Forward-looking statements are based on the opinions and assumptions of management of the Company as of the date made. They are inherently susceptible to uncertainty and other factors that could cause actual events/results to differ materially from these forward-looking statements. Additional risks and uncertainties, including those that the Company does not know about now or that it currently deems immaterial, may also adversely affect the Company’s business or any investment therein.

Any projections given are principally intended for use as objectives and are not intended, and should not be taken, as assurances that the projected results will be obtained by the Company. The assumptions used may not prove to be accurate and a potential decline in the Company’s financial condition or results of operations may negatively impact the value of its

securities. Prospective investors are urged to review the Company's profile on [Sedar.com](https://www.sedar.com) and to carry out independent investigations in order to determine their interest in investing in the Company.
