**GREEN BLOCK MINING ANNOUNCES THE APPOINTMENT OF  
PATRICK ENWRIGHT AS NEW CHIEF COMMERCIAL OFFICER**

VANCOUVER, BC, CANADA, April 11, 2022, GREEN BLOCK MINING CORP. (Formerly Link Global Technologies Inc.) (CSE: GBMC) (“Green Block” or the “Company”), an innovative power and infrastructure solutions provider for digital currency mining and data hosting operations, is pleased to announce that Mr. Patrick Enwright will be joining Green Block as the Company’s Chief Commercial Officer.

Patrick has over eighteen years of diversified experiences in Canada’s oil and gas, engineering and construction, and aviation sectors. Within each of these sectors, Patrick held managerial roles related to business development, contracts, pricing, and forecasting. Patrick’s expertise resides in sales strategy, contracts and commercial negotiation and financial modeling. Prior to his Chief Commercial Officer role at Green Block, Patrick partnered with Daniel Feldman to develop a Bitcoin mining facility in Kentucky, USA, with operational start-up in January 2021. Patrick holds a Bachelor of Management degree from the University of Lethbridge and an MBA from the University of Calgary with a dual specialization in global energy management, and strategy.

“I am beyond pleased that Patrick has joined me on the executive team to lead Green Block Mining forward. Having worked together for over three years now, I know Patrick to be wicked smart and I would match his knowledge of the economics of crypto mining with anyone. He is a necessary part of the team to that will grow Green Block’s business and I am confident that shareholders will learn to appreciate his skill set and be glad that he is a part of the company,” said Daniel Feldman, CEO.

Mr. Enwright, Chief Commercial Officer of Green Block states, “I am excited for the opportunity to work alongside Daniel Feldman again. Daniel and I were successful in our last venture with our complimentary skill-sets supporting the development of our Kentucky project. Despite the current obstacles, Green Block Mining is uniquely positioned to restart revenue generating operations in 2022, and I look forward to our future growth and to make Green Block a company all of Canada can be proud of.”

In connection of the appointment, the Company will be granting 400,000 stock options to Mr. Enwright. Stock options will be exercisable at \$0.11 per share for a period of five years and will vest as follows: 50% vests immediately and 50% two months from the date of grant.

### **About Green Block Mining Corp.**

Green Block is engaged in providing infrastructure and operating expertise for digital mining and data hosting operations. Green Block’s objectives include locating and securing, for lease and option to purchase, properties with access to low-cost, reliable power, and deploying this low-cost power to conduct digital mining and supply clean energy and infrastructure for other data-hosting services.

#### **CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING INFORMATION.**

This news release contains "forward-looking statements" within the meaning of applicable Canadian securities legislation. Forward-looking statements consist of statements that are not purely historical and include any statements regarding beliefs, plans, expectations or intentions regarding the future. Often, but not always, forward-looking statements can be identified by the use of words such as "plans", "expects", "is expected", "forecast", "budget", "scheduled", "estimates", "forecasts", "intends", "anticipates", or "believes", or variations (including negative variations) of such words and phrases, or statements that certain actions, events or results "may", "would", "could", "should" or "might" occur. Forward-looking statements made in this news release include, but are not limited, to: the Company's submission process with the AUC and that the Company is confident it will find a workable solution and settlement; and other business plans of the Company.

All such forward-looking statements are based on factors or assumptions that were applied in drawing a conclusion or making a forecast or projection, including assumptions based on historical trends, current conditions and expected future developments. Since forward-looking statements relate to future events and conditions, by their very nature they require making assumptions and involve inherent risks and uncertainties. The Company cautions that although it is believed that the assumptions are reasonable in the circumstances, these risks and uncertainties give rise to the possibility that actual results may differ materially from the expectations set out in the forward-looking statements. In the case of the Company, these risks, uncertainties, assumptions and other factors include, without limitation: potential adverse rulings or determinations by the AUC; that commercial relationships will not produce the anticipated results; those set out in the Company's most recent MD&A, fluctuations in the price of electricity, fluctuations in the price of digital currencies/Bitcoin, the future potential halving of Bitcoin, increases in the network difficulty rate and price of digital currencies/Bitcoin, negative changes in the level of digital currency/Bitcoin rewards per block, the securing of economic rates for the purchase of power, the opportunities for acquiring digital currency mining hardware, unanticipated changes in laws, regulations or other industry standards affecting the business of the Company, reliance on key management personnel, the Company's ability to implement its business plan, litigation risk, stock price volatility, the effects of general economic and other factors beyond the control of the Company, and other matters that may occur in the future. Given these risks, undue reliance should not be placed on these forward-looking statements, which apply only as of the date hereof. Other than as specifically required by law, the Company undertakes no obligation to update any forward-looking statements to reflect new information, subsequent or otherwise.
